Once you click your link then you will be taken to a different page on our website that has a video player with your show. See the example below:

2022 CARSON SCHOLARS VIRTUAL AWARDS CEREMONY

Maryland

The controls at the bottom of the screen provide you with the following functions:

- The volume selector controls the video player volume. Please also make sure that the master volume on your computer, tablet or other device is not muted and the level is turned up.
- The quality button will allow you to select high definition settings. Find the best setting that works for your device.
- Please note that the controls will leave the screen when you move your mouse pointer off the page. Moving your mouse pointer back on the page will bring back the play, pause and time
